

parents and educators program

APRIL 6TH
9AM-12PM

COLORADO STATE UNIVERSITY

KEYNOTE SPEAKER
Emily Fischer, PhD
Atmospheric Sciences

Dr. Fischer's work is dedicated to understanding how various gas sources, such as wildfires and oil extraction, impacts our air quality, weather and climate. She also leads initiatives that welcome and guide the next generation of earth and environmental scientist.

PANEL DISCUSSION

Stories of Support: How I got to where I am and who helped me featuring Drs. Michelle Foster, Lori Reinsvold, Shelley Moore, Stephanie Ogburn and Christine Hudson

A HANDS-ON STEM ACTIVITY

Led by local students from Compass Community Collaborative School

COFFEE AND LIGHT REFRESHMENTS PROVIDED
