

43RD NATIONAL CONFERENCE

NAMMEⁱⁿ MIAMI

"WHERE INCLUSION AND DIVERSITY MEET THE HEALTH PROFESSIONS"

SEPTEMBER 19 - 23, 2018

INTERCONTINENTAL HOTEL, MIAMI FLORIDA

NATIONAL ASSOCIATION OF MEDICAL MINORITY EDUCATORS, INC.

OVERVIEW

NAMME Conference

The Conference will bring together educators, administrators, clinicians, students, and policymakers across the health disciplines. Within workshops, plenary sessions, and panel discussion, conference participants will be exposed to best-practices from experts in the field, participate in evidence-based thought provoking discussions and will leave with clear take-a-ways that they can implement in their current work environments.

College Student Development Program and Recruitment Fair

The College Student Development Program includes a half or full day of workshops and recruitment session for undergraduate students. The Program normally includes a motivational speaker, workshops focusing on admissions and application procedures, preparation for standardized examinations, and offers suggestions on how to access, understand and navigate various financial aid processes.

NAMME Scholarship

Created in 1995, the NAMME Scholarship is awarded annually to underrepresented minority students who have completed the first year of health professions training. Nominated students are selected based upon their academic record, community service, financial need, and personal statements. The amount and number of scholarships varies. For more information, check out our website at <http://www.nammenational.org/scholarships.html>.
