

Child Sexual Abuse Prevention Workshops

Stewards of Children™ Workshop for Adults

1.800.216.1110

You Can Prevent Child Sexual Abuse Today!

This Training Will Provide Adults

- **Knowledge to Recognize** the signs of child sexual abuse.
- **Guidance to Know How** to react if someone discloses they are being abused.
- **Empowerment** to take actions that will help prevent child sexual abuse.

Participants will learn prevention methods, participate in discussion of key factors of child sexual abuse, view a powerful video including testimony from survivors of child sexual abuse, have the opportunity to voice their concerns, discuss options, and consider protection policies.

What: Each presentation is 2 hours for between 5 and 25 participants. Workshop includes a Video Presentation, Discussion, Workbook, 7 Steps booklet, and a Resource Handout. Continuing education credits are available.

Who: For any and all adults, including parents, coaches, professionals, care providers, child mentors, troop leaders, and any other adults who work with, have children, or know someone who has children.

Cost: Please contact CTTP@advocatehealth.com to learn more about fees for workshops.

Where: Our staff will come to your location to provide presentations Monday through Friday, day or evening, as pre-arranged.
