

Fentanyl Response & Current Drug Trends Symposium

The Georgia Public Safety Training Center is offering a one-day Fentanyl Response & Current Drug Trends Symposium. This symposium will present information on appropriate protective strategies when faced with an incident involving possible fentanyl exposure, current drug trends, and updates from the GBI Crime Lab Toxicologists.

POST Credit will be available for this important training.

Director Chris Wigginton and his staff will welcome attendees to the Training Center and provide an overview of the day's topics of discussion.

Special Presentation:

Fentanyl: A Crisis for Public Health & Public Safety

- Threats posed by fentanyl and fentanyl analogues.
- Personal protective equipment requirements in fentanyl exposures.
- Interagency Board (IAB) recommendations and how to apply them.

Presented by Safeware Inc. along with David Ladd & Vincent J. Doherty of The Blackthorne Services Group, LLC.

Additional Presentations:

Current Drug Trends & Updates

Presented by the Georgia Police Academy & the Georgia Bureau of Investigation Crime Lab Toxicologist.
