

STATE *of the* DISTRICT

2018

On September 18, 2018, Superintendent, Dr. Anthony Hamlet shared the 2018 State of the District report. The report, presented to stakeholders at Pittsburgh CAPA 6–12, provided an update on the District's successes, challenges, goals, and future plans since the release of its 2017–2022 Strategic Plan: *Expect Great Things*.

Now, Dr. Hamlet is taking the State of the District presentation on the road and is seeking your input on five key areas that will enhance the Strategic Plan. These five areas were explored through a working group that included District staff and representatives from the University of Pittsburgh, Chatham University, The Heinz Endowments and The Grable Foundation. Your feedback is important to us!

FIVE FOCUS AREAS:

- Early Childhood Education
- Gifted Education
- Aligned Instructional Systems
- New Teacher Induction
- Job-Embedded Professional Development
