

New Assessment Center Online System Announcement and Trainings

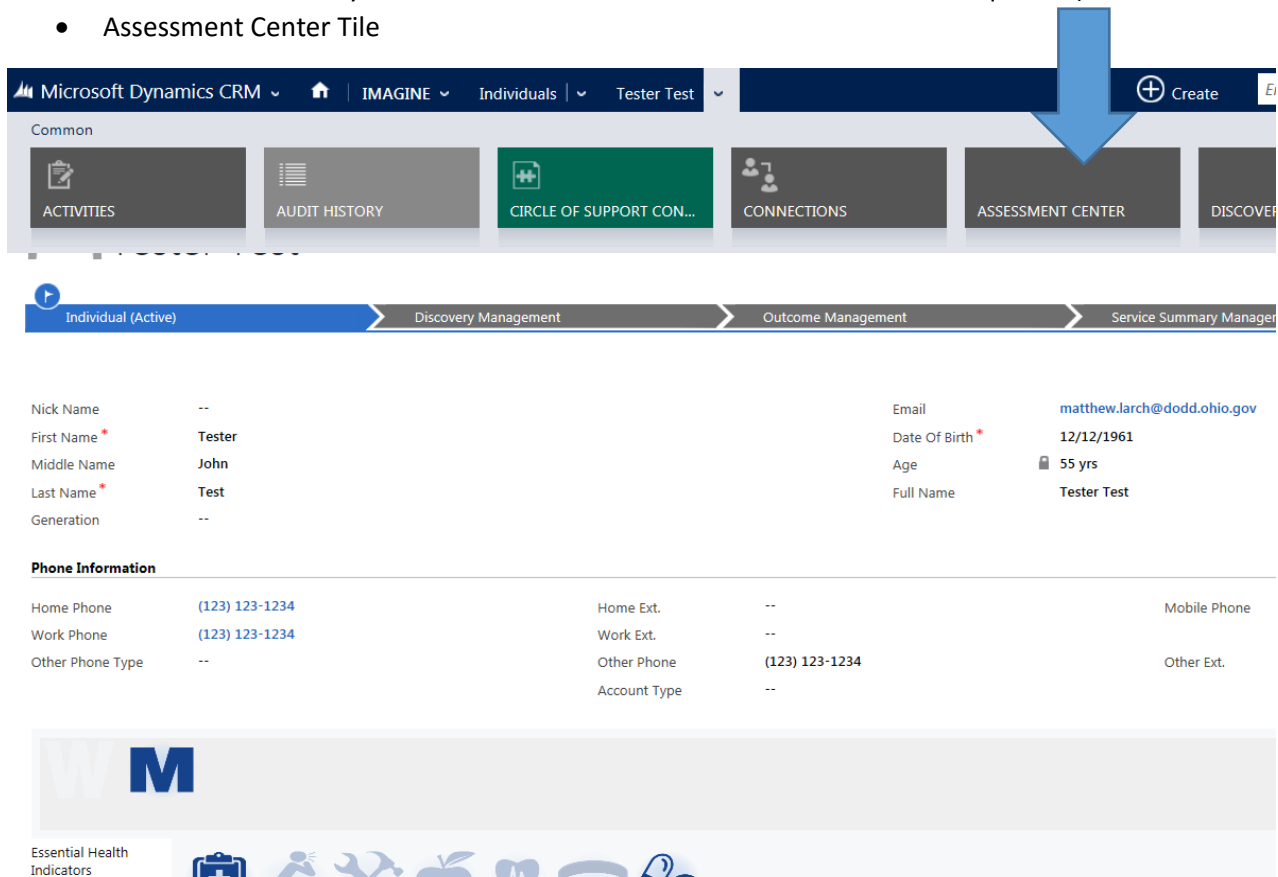

The Ohio Department of Developmental Disabilities is continuing our efforts to update our online systems and we are prepared to announce an enhancement to the Individual Data in the new Individual Data System. We are introducing the new Assessment Center for each individual.

The first assessments that will be available in the new assessment center:

- Adult Acuity Instrument (AAI)
- State-funded Behavior Add-on Request
- Self-Medication assessment

On March 24th, you will be able to access the Assessment Center from the individual record by selecting the tile for Assessment Center like how you access the Level of Care or Individual Transfer Requests. (See Screen shot below)

- Assessment Center Tile

The screenshot displays the Microsoft Dynamics CRM interface for an individual record. The top navigation bar includes 'Microsoft Dynamics CRM', 'IMAGINE', 'Individuals', and 'Tester Test'. A blue arrow points to the 'ASSESSMENT CENTER' tile in the 'Common' section, which also includes 'ACTIVITIES', 'AUDIT HISTORY', 'CIRCLE OF SUPPORT CON...', 'CONNECTIONS', and 'DISCOVER'. Below the navigation bar, the 'Individual (Active)' tab is selected, showing a breadcrumb trail: 'Individual (Active) > Discovery Management > Outcome Management > Service Summary Manager'. The main content area displays personal information for 'Tester Test', including Nick Name, First Name, Middle Name, Last Name, Generation, Email, Date Of Birth, Age, and Full Name. Below this, the 'Phone Information' section lists Home Phone, Work Phone, Other Phone Type, Home Ext., Work Ext., Other Phone, and Account Type. At the bottom, there is a section for 'Essential Health Indicators' with a row of icons representing various health and social indicators.

All assessments will be available on one page for you to view listings, open for a detailed view, and you will have the ability to submit new entries. (See screen shot below)

DODD is posting webinars to share additional information regarding the Assessment Center. Question and answer chat sessions are being offered, as well. Please see links to the recorded webinars and chat session registrations below.

- **Please note that the overall processes and/or formats related to each of these areas are not changing but the location of entry and how you submit this information to the Department will be changing.**

[Recorded webinars can be found at this link.](#) They are the State-Funded Behavior Add-Ons and the Adult Acuity Assessment.

Question and Answer Chat sessions for questions regarding the above webinars are listed below.
