Dear Families and Friends:

I write this letter on the Feast of the Vietnamese New Year. This year we celebrate the Year of the Dragon. How appropriate for us at St. George Parish and School! As St. George, the Martyr slew the dragons of sin and fear, we look to our patron for an example of overcoming our own fears and limitations. We help our young people grow to be tireless in their capacity to overcome obstacles that would prevent them from reaching their highest potential. Some of them need an extra “leg up” to make that happen. That’s where you come in. You are here tonight to help our youth grow in intelligence, wisdom, compassion and love. Some of them wouldn’t be able to attend St. George School without this extra help. Please be generous in what you give tonight. You’ll never know exactly how much your donations will help, but I can attest that our St. George Dragons will be better off because of the generosity of those who attend this auction. Thank you for all your do. Go Dragons!

Yours in Christ,

*Fr. K. Scott Connolly*

Hello St. George Dragons!

Welcome to the 2024 **24 Karat Magic Auction** in the magical year of *The DRAGON!*

Tonight, we celebrate our precious St. George community. Our school thrives because of our *secret sauce*, which is the love, acceptance, care and joy of life we share with each other. We are God's people **who choose** to build a loving community for all the children and families.

Let's spend this evening together with joyful hearts *in appreciation* of all that we have as a community, and **lift up our paddles for the financial support** needed to keep the St. George magic strong!

Every child, preschool-8th grade benefits from the proceeds tonight, whether it's using the new art and PE equipment or new instructional materials for the classrooms and libraries. We also raise funds to ensure that our school is accessible to all families through our tuition assistance program. Tonight's auction helps bridge the gap between the *cost to educate* and the *actual tuition charged* to each family.

So in the words of Bruno Mars "*Throw your hands up in the sky. Let's set this party off right!*" **RAISE YOUR BID CARD FOR THE KIDS!**

I am most grateful to you for all the ways you share your love with the St. George Community, and I thank you for your generosity!

See you on the dance floor,

*Monica Wingard*

Principal

# RAISE *the* PADDLE

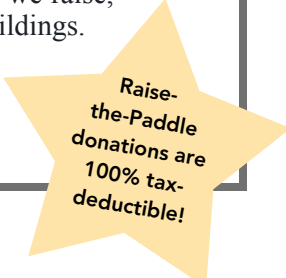

Maintaining a home isn't easy or inexpensive, especially as it ages. The same holds true for our school, our home away from home. At over one hundred years old, there's an endless list of repairs, upgrades & additions needed to keep St. George a beacon of education.

As the outside environment evolves, so does the need to maintain a comfortable learning environment indoors for our students. The need for air conditioning is a must! While the immediate budget doesn't make it possible to add air conditioning throughout campus at once, we can at least begin a three-part phase in making this need a reality.

State law mandates that the temperature remains under 80 degrees, and the PreSchool building has the worst ventilation of all the buildings on campus. With its smaller footprint, installing air conditioning at the PreSchool is the easiest and quickest to achieve.

It's our wish to have air conditioning installed in all buildings on campus as soon as possible, but baby steps are better than none. So please raise your paddles in helping St. George begin this endeavor in maintaining a comfortable learning environment for all students all throughout the school year. The more we raise, the sooner we can make it happen for all of the buildings.

The students & staff graciously thank you for your generous support!
