

## CFUW Sunshine Coast Bursary Fundraiser

In the Spring of 2020, we were forced to postpone our CFUW SC Bursary Fundraiser “A Sunday Afternoon of Art and Music from WWII” due to Covid19. We have now decided to convert this fundraiser to a Zoom Art Exhibition. We will be advertising this event widely to our current members, past supporters, local residents and CFUW Members from other Clubs across Canada.

*A collaboration between a soldier killed in action and the niece he never met.*

Tracing Footsteps is an exhibition of sketches drawn by Bruce Black before he was killed in action in 1944 and the paintings created by his niece, Lynda Manson, who was inspired by his work. This collection was exhibited recently in New York City. Lynda, a member of CFUW Sunshine Coast, will guide us through the story behind the creation of this exhibition.

All proceeds from the event go to the Bursary Society CFUW SC who award bursaries to Sunshine Coast women who wish to improve their education.
