

BRINGING THE COUNCIL TO THE COMMUNITY

Opportunities to Engage with District 1 Councilmember Andrew Friedson

Office of Councilmember Andrew Friedson | www.montgomerycountymd.gov/friedson/index.html

Bringing the Council to the Community is fundamental to what we do. You learn a lot more from listening than you do from talking. We learn even more when we're out in the

great community we're so fortunate to serve on the Montgomery County Council. We're pleased to share a variety of ways to keep in touch throughout 2019.

THREE WAYS TO STAY IN TOUCH

Community Conversations

We'll be hosting evening town hall events throughout District 1. Bring your neighbors to discuss issues specific to your neighborhood, topics of interest with countywide impact, and everything in between.

Friedson Live

We recognize that not everyone can make an evening public event, so we're hosting online chats via Facebook on policy issues before the Council. Simply type in your questions and comments - or just follow along.

Fridays With Friedson

Grab a cup of coffee or tea and join Councilmember Friedson for a chance to chat in a more informal setting while enjoying some of the great restaurants and cafes District 1 has to offer.
