

# GHF 2018 Native Plant Gardening Workshop Series

## Workshop #2

# Landscaping with Native Plants

Carnegie Bldg.,  
200 W. 9<sup>th</sup> St.,  
Lawrence, KS

April 19  
7:00 pm

Native plants are **beautiful** and provide **incredible** garden design opportunities while also **benefiting wildlife**. Join GHF for the second workshop in our 2018 workshop series and learn about the basics of native garden design.

This workshop will feature **Patti Ragsdale, owner of Happy Apple's Farm**. Patti became fascinated by native plants while studying wildlife management at MU and began using them in all her gardens. She's been growing, selling, and planting display gardens that highlight their use in home landscapes since 2014.

An RSVP is encouraged. **Email GHF at [grasslandheritage@gmail.com](mailto:grasslandheritage@gmail.com) to RSVP and for more information.**

The GHF workshops series is for everyone who wants to learn more about gardening with natives.

The series includes presentations, native garden tours, online and print resources, and plant sales.

Check out the GHF website at [www.grasslandheritage.com](http://www.grasslandheritage.com) or follow GHF on Facebook to learn more.
