

Vascular Anastomosis Hands on Workshop

Presented by Michael Morrison, BS, CST, CSFA

ASA Treasurer & CardioThoracic CSFA, Cleveland, OH

Two Sessions (Sign up for 1 only)

- **Friday April 21st 8:00am – 11:00pm**
- **Friday April 21st 1:00pm – 4:00pm**

Cost: \$75 (Sign up at time of Conference Registration)

This is a 3hr hands-on workshop is intended for core surgical assistants with an interest in vascular surgery. It will prove highly relevant for those considering incorporating a vascular specialty, and to those who are already in the primary stages of vascular training.

The course will expose the attendee to the basic principles of vascular surgery and the fundamentals of anastomotic techniques.

- Features of this workshop will include:
- Introduction to Principles of Vascular Anastomosis
- Instrumentation in Vascular Surgery
- Basic Techniques of Vascular Anastomosis
- Interrupted Continuous, Anchor, Parachute and Tie Down Suture Techniques
- End-to-End, End-to-Side, Side-to-Side, and Patch Closure Techniques
